

What is Ubuntu Education Edition?

Ubuntu Education Edition is an additional selection of free and open source software for education to be used with Ubuntu. As part of the award winning Ubuntu project, it creates a system to support classroom and laboratory environments in schools and other educational settings. It is easy to install, free of viruses and allows teachers to focus on learning instead of licenses.

Use Ubuntu

Ubuntu Education Edition is an add-on to Ubuntu. To install education software from this CD, insert it into a desktop system already running Ubuntu 8.04 LTS and follow the prompts to choose the software you want.

System Requirements

In addition to the requirements of an Ubuntu desktop installation, running education software from this CD may require up to 1 GB of additional disk space, depending on what you choose to install. For help please visit www.ubuntu.com/support.

Thin Clients

The Linux Terminal Server Project makes it easy to deploy and manage modern Ubuntu desktops or older hardware, served from a powerful server machine. It is being used successfully in a wide variety of educational environments.

Unlike former Edubuntu releases, this CD does not offer LTSP installation directly. To get the same out-of-the-box set-up as before, start from the Ubuntu alternate install CD (available from www.ubuntu.com/download) and select "Install an LTSP server" from the Modes menu.

This software is released for free public use under several licenses. It is provided without warranty, without even the implied warranty of merchantability, satisfactoriness or fitness for a particular use. See the license text included with each program for details. Source code can be downloaded from <http://archive.ubuntu.com> or can be ordered from Canonical at the cost of the media and shipping. Edubuntu, the Edubuntu logo and Canonical are registered trademarks of Canonical Ltd. All other trademarks are the property of their respective owners.

Ubuntu is *software libre*. You are encouraged and legally entitled to copy, reinstall, modify, and redistribute this CD for yourself and your friends. Share the spirit of Ubuntu!

Ubuntu is sponsored by Canonical Ltd. For more information, visit www.ubuntu.com and www.canonical.com.

This software will run on Intel x86-based systems (including Intel Pentium, Intel Core and AMD Athlon).
